The weather was perfect with new fallen snow and the trails were smooth. The Marcell Snowdrifters hosted a “Meet & Greet” stop on the Marcell Trail on the corner of Farm Camp Road Saturday, March 9, 2013 to meet riders and welcome them to our trails. The goal was to promote snowmobiling, snowmobile safety and club participation. We visited with over 100 riders from all over the state. Thirteen club members met over 75 people from Monticello, Rochester, Stillwater, St. Cloud, West Concord, many other Minnesota cities, and of course, many local people who heard about the occasion.

The riders were welcomed with hot dogs, coffee, hot chocolate and cookies. Some offered donations, and some gave thoughts to become members in a club in their own areas. Archie Wass is President of the club.
